Managing Your Digital Health Records

Thanks to a federal rule called the **Interoperability and Patient Access Rule**, it's easier than ever to access your health records when you need them.

You can use your mobile device to:

- Share your health history with a new doctor.
- Find providers using an up-to-date directory.
- Track claims and coverage.
- Take your records with you if you switch health plans.

You can request your records to move with you when changing plans. You'll be able to see:

- Paid and denied claims.
- Clinical details.
- Pharmacy coverage.
- Provider information.

This applies to services from January 1, 2016, onward. Learn more at sunflowerhealthplan.com/members/medicaid/resources/interoperability-and-patient-access.html.

Your Member ID Card

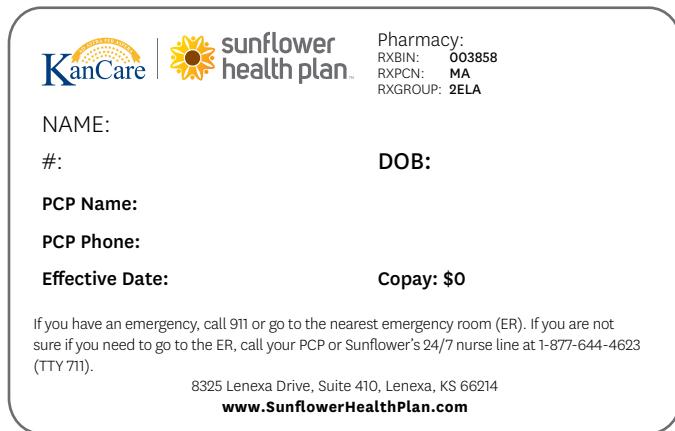

You'll receive your Sunflower Member ID Card within 10 calendar days after KanCare confirms your enrollment. This card shows you're a Sunflower member. Keep it with you and show it whenever you get care.

Make sure your Primary Care Provider (PCP) is listed correctly on the card. If you don't receive your card or notice an error, visit our website for live chat or call toll free **1-877-644-4623**.

DIGITAL ID CARD

You can view, download or print your ID card anytime through your online member account at member.sunflowerhealthplan.com or the Health Insurance Portal App. It's a handy way to keep your card with you on your smartphone.

This is what your Sunflower ID card looks like:

Medicare Advantage Members

If you're enrolled in both a Wellcare Dual Special Needs Plan and Sunflower Medicaid, you'll receive a single ID card, replacing all previous cards.

If you later switch plans and no longer have both, you'll receive separate ID cards for each plan. Be sure to show both cards when you get care.

Our Quality Improvement Program follows national standards from the **National Committee for Quality Assurance (NCQA)** and the **Institute of Medicine (IOM)**. Here's how we work to improve care:

- Carefully reviewing providers before they join our network.
- Making sure members can access the care they need.
- Offering health education and disease-specific programs.
- Sending reminders for important care like:
 - Annual checkups.
 - Flu shots.
 - Screenings for cervical and breast cancer.
- Investigating any concerns you have about your care.

We also ask for your feedback through annual member surveys. If you receive one, please take a few minutes to fill it out. It helps us serve you better.

BENEFITS OVERVIEW

Covered Services

As a Sunflower member, you have access to a wide range of healthcare services. This section outlines what's covered and what to expect.

Here's what you should know:

- Sunflower won't deny or limit services because of a condition you already have.
- If a service is medically necessary and covered by Sunflower, you won't have to pay copays, deductibles or other fees, unless noted in the Member Responsibilities section.
- If you get care that isn't medically necessary or from a provider outside our network, you may be responsible for the cost.

Not sure if a service is covered or if a provider is in-network? Call **Customer Service** at **1-877-644-4623**. We're happy to help.

Benefits Grid

This list gives you an overview of covered and non-covered services. It's not a complete list. All services are subject to coverage rules, limits and exclusions.

To be covered, a service must meet certain criteria. This is called **medical necessity**. If your health condition doesn't show a need for the service, it may be denied.

Some services also require **prior authorization**. This means approval before you get the service. But don't worry, Sunflower members aren't responsible for any cost sharing for approved services, unless otherwise noted.

In Lieu of Services

You may qualify for something called “in lieu of services.” These are services not typically covered by Medicaid, but KanCare allows them as cost-effective substitutes to standard covered services. You’re never required to use these options. They’re simply available if they better meet your needs.

If you use in lieu of services, you still have all your member rights. That includes the right to understand your care options, be involved in decisions and file complaints if needed. For more on how to file a grievance or appeal, check the Member Satisfaction section of this handbook.

New Technology

Healthcare is always evolving, and we’re committed to keeping up with new and better ways to care for our members. Our team of doctors, nurses and experts reviews new technologies to make sure they’re safe and helpful.

Sunflower covers new services once they’re approved by the state. If you have questions about new technology or services, visit SunflowerHealthPlan.com for live chat or call us toll free at **1-877-644-4623**.

Sunflower Value-Added Benefits

Sunflower offers extra benefits to support your health and well-being—at no extra cost to you. These are in addition to your regular Medicaid benefits. To learn more or access these services, visit SunflowerHealthPlan.com or call **Customer Service toll free at 1-877-644-4623 (TTY 711)**.

Please note: Value-Added Benefits are optional extras. They don't include grievance or appeal rights.

BENEFIT HIGHLIGHTS

- **Enhanced Transportation** - Up to 12 round trips per year for you and your caregiver. Use these for things like pharmacy visits, support groups, food access, housing services and employment support.

Member Responsibility

WHEN YOU HAVE TO PAY & WHEN YOU DON'T

Sunflower covers most of your medical costs, but there are times when services may be limited or not covered. If the service is part of your Sunflower benefits, you shouldn't receive a bill. However, you'll be responsible for paying for any services that aren't covered.

To avoid unexpected costs, follow these tips:

- **Use in-network providers.** You can search for them using the Find a Doctor tool at www.sunflowerhealthplan.com, chat live with Customer Service or call 1-877-644-4623.
- **Ask if the service is covered before you receive it.**
- **Call Customer Service** if you're unsure whether a procedure or medication is covered.
- **If a service isn't covered**, your provider may ask you to sign a statement agreeing to pay for it.
- **Always show your Sunflower ID card** (and any other insurance cards) when you get care. If you don't, you may be responsible for the bill.
- **If you choose to get a non-covered service**, you'll need to pay for it.

You will **not** have to pay for covered services, even if:

- The state doesn't pay Sunflower.
- Sunflower doesn't pay your provider.
- Your provider charges more than Sunflower pays.
- Sunflower is unable to pay its bills.

SPENDDOWN

If your income is above the Medicaid limit, you may qualify for the Medically Needy program. In this case, you'll have a spenddown amount, which is your share of medical costs. This is similar to a deductible.

Once you meet your spenddown, Sunflower may cover Medicaid-approved services beyond that amount.

Spenddown may apply if you are:

- Pregnant
- A child under 19
- Age 65 and older
- Determined disabled by Social Security

PATIENT LIABILITY AND CLIENT OBLIGATION

These are monthly amounts set by the state for certain members:

- **Patient Liability** applies to members in long-term care facilities. You'll pay this amount directly to your assigned provider(s).
- **Client Obligation** applies to some members receiving HCBS services. The amount depends on your income and is paid to one or more assigned providers.

You'll only have **one** of these—not both. To find out which provider is assigned, check your **Person Centered Service Plan (PCSP)** or contact your **Sunflower care coordinator**.

For questions or help, visit SunflowerHealthPlan.com for live chat or call **1-877-644-4623**.

Person-Centered Planning

Healthcare is just one part of your life. Person-Centered Planning helps us understand your goals, preferences and strengths so we can support you in a way that fits your life.

This process is led by you and the people you choose. Together, we'll create a personalized plan that reflects what matters most to you.

Learn more at sunflowerhealthplan.com/members/medicaid/resources/helpful-links/person-centered-planning.html.

Financial Management Services (FMS)

If you receive HCBS or are part of the Work Opportunities Reward Kansans (WORK) or Supports & Training for Employing People Successfully (STEPS) programs, you may have the option to **self-direct** some or all of your services. That means you hire and manage your own care workers.

To do this, you'll need to work with a **Financial Management Services (FMS)** provider. They handle things like background checks, employment paperwork, payroll and billing Sunflower for services.

Self-Direction: Your Rights and Responsibilities

If you choose to self-direct, your FMS provider will explain your rights and responsibilities, including:

- Choosing and managing your care workers.
- Handling employer tasks like scheduling and training.
- Understanding the FMS provider's role.
- Receiving training on self-direction, as needed.

Once you're fully informed, you'll sign an FMS Service Agreement with your provider. Educational materials are available. Just ask your Sunflower care manager.

ACCESSING HEALTHCARE

Establish a PCP Relationship

- 1. Choose a doctor.** If you don't choose a Primary Care Provider (PCP) within 10 days of enrolling, Sunflower will assign one for you. You can find your PCP's name on your member ID card. You can change your PCP anytime by:
 - Visiting SunflowerHealthPlan.com for live chat.
 - Calling **1-877-644-4623 (TTY 711)**.
- 2. Make an appointment.** If you haven't seen your doctor in the past year, schedule a visit.
- 3. Talk to your doctor.** Share any health concerns or questions you have.

What Is a PCP?

Your Primary Care Provider (PCP) is the doctor you see regularly for your basic medical needs. They help you stay healthy, manage chronic conditions and coordinate your care with specialists.

Your PCP will:

- Provide timely, medically necessary services.
- Coordinate care with other providers.
- Refer you to specialists when needed.
- Keep your medical records up to date.
- Offer preventive care, physical exams and immunizations.
- Be available or have another provider available after hours.
- Discuss and document advance directives.

Tip: Schedule a well-care visit within your first 90 days as a Sunflower member—even if you're not sick. It's a great way to start building a relationship with your doctor.

CHOOSING YOUR PCP

Use the Find A Doctor tool at SunflowerHealthPlan.com to search for providers by location, specialty, and language. You can choose from:

- Family Practitioners
- General Practitioners
- Pediatricians

- Internal Medicine doctors
- Nurse Practitioners

Whenever you're feeling sick or have health questions, reach out to your PCP. They're here to help you get the care you need.

Your PCP will keep your records and be aware of any changes to your health. Always contact your PCP when you feel sick or have any health questions, so you can receive the best care.

MEDICAL SERVICES

Medically Necessary Services

To be covered by Sunflower, services must be **medically necessary**, meaning the right care, at the right time, in the right place. We use standard guidelines to help determine this. A service is considered medically necessary if:

- Your treating provider recommends it.
- It's meant to treat your condition.
- It's the most appropriate level of care, considering risks and benefits.
- It's known to improve health outcomes.
- It's cost-effective compared to other treatment options.

If your child needs more care than usual, Sunflower may cover extra services if they're medically necessary. Learn more about KAN Be Healthy (EPSDT) in the *Health Management & Wellness* section of this book.

Sunflower does **not** make decisions based on cost alone. We don't reward doctors or staff for denying

care. Our goal is to help you get the care you need, when you need it.

Prior Authorization for Services

Some services require prior authorization. This is a review and approval from Sunflower before you receive care. This may include:

- Out-of-network visits.
- Some specialist care.
- Home health services.
- Certain surgeries.

Start by calling your PCP. They'll let you know if prior authorization is needed and submit the request for you. You can also call **Customer Service toll free at 1-877-644-4623** to check.

- Standard decisions are made within 7 days.
- Urgent requests are reviewed within 3 calendar days.

If more time is needed, we'll let you and your provider know and explain why. Extensions will be in your interest. Sunflower will let you and your doctor know in writing if we approve or deny the service.

If we deny a request, you can ask for a second review (an appeal). See the *Member Satisfaction* section for details.

If there are any major changes to the prior approval process, we will let you and your doctors know right away.

Second Medical Opinion

You have the right to get a second opinion from another doctor. This can help you feel confident about your treatment plan.

- Talk to your PCP to request a second opinion.
- You can choose any provider in our network.
- If no in-network provider is available, we'll help you find one outside the network and cover the cost.
- Any tests ordered must be approved and done by a Sunflower provider.

Your PCP will review the second opinion and help you decide on the best care.

Referrals to Specialty Care

If you need to see a specialist, talk to your PCP first. They'll refer you to a provider who focuses on your specific condition, like heart, skin or bone care.

- Referrals are usually to Sunflower network specialists.
- Out-of-network referrals require approval from your PCP and Sunflower.
- Your specialist will work with your PCP to coordinate care and share updates.

If your specialist refers you to another specialist, that referral may also need authorization, especially if they're out of network.

Self-Referrals

You can go directly to certain services without a referral or approval. You may get these services even if the doctor is not in the Sunflower provider network. These include:

- Emergency and behavioral health services.
- Family planning and related supplies.
- Routine women's preventive care.
- Treatment for acute women's health issues (like STIs).
- Maternity care.

Urgent Care – After Hours

Urgent care is for illnesses or injuries that need attention within 48 hours but aren't life-threatening.

Here's what to do:

- **Call your PCP.** Their number is on your Sunflower ID card.
- If it's after hours and you can't reach your PCP, call the **Nurse Advice Line toll free at 1-877-644-4623 (TTY 711).**
- Have your ID card ready.
- The nurse may help over the phone or guide you to care.
- If directed to another provider or the ER, bring your ID card. Ask the provider to contact your PCP or Sunflower.

Emergency Care

Sunflower covers emergency medical services 24/7. Emergencies are serious, unexpected health issues that could threaten your life, your unborn child or cause lasting harm to your body.

If you think you're having a medical emergency:

- **Call 911** or go to the **nearest hospital**.
- You **do not** need approval from a doctor.
- Emergency services will be covered.

If you're unsure whether it's an emergency, try calling your **PCP** first. If they're unavailable, you can:

- Listen to their voicemail for instructions.
- Call the **Nurse Advice Line at 1-877-644-4623 (TTY 711)**. We're available 24/7.

If we advise you to seek emergency care, it will be covered.

You can go to **any hospital** in an emergency. If possible, have someone call your PCP and Sunflower to help arrange follow-up care.

We'll also help coordinate your recovery. Call **Customer Service toll free at 1-877-644-4623 (TTY 711)** for support.

Post-Stabilization Services

After an emergency, you may need care to stabilize your condition. These **post-stabilization services** are covered and **do not require prior approval**, whether you received emergency care in or out of the Sunflower network.

Your emergency provider will let us know when you're ready to be discharged or transferred. We'll make sure you get the care you need to stay stable.

Hospital Admissions

If you or your child needs to be admitted to a hospital, your doctor must notify Sunflower. We'll monitor your care to ensure you receive the right treatment.

Your discharge date will be based on **medical need** only. Once hospital care is no longer necessary,

Sunflower and your doctor will work together to plan your discharge.

If you disagree with a discharge decision, you have the right to request a review. This is called an **appeal**. See the *Appeals* section of this handbook for more information.

Transportation Services

EMERGENCY TRANSPORTATION

Sunflower covers **emergency ambulance transportation** to the nearest hospital when you need immediate medical care. If you use an ambulance in a **non-emergency**, it may not be covered, and you could be responsible for the cost.

The Preferred Drug List (PDL) includes many medications covered by Sunflower. The Kansas Medical Assistance Program updates the PDL monthly. View the list at www.kdhe.ks.gov/211/Preferred-Drug-List.

Prior Authorization

Some medications require preapproval before they can be filled. Your pharmacy will let your doctor know if this is needed. Your doctor can request approval from Sunflower.

Preapproval may be needed if:

- The drug is non-preferred or has special conditions.
- You're prescribed more than the usual amount.
- Other medications should be tried first.
- A brand-name drug is prescribed when a generic is available.

If a request is denied, you and your doctor will be notified. You can file an appeal (see *Member Satisfaction* section).

Emergency Medication Supply

If your doctor can't be reached for a medication that needs preapproval, you may be able to get a **72-hour emergency supply**. This excludes narcotics.

For behavioral health medications, Sunflower may approve a **five-day emergency supply**. If you've recently been discharged from a hospital or emergency room, call **Customer Service** for help.

If you're traveling outside Kansas and need a medication urgently, you'll need to pay for it and submit your receipt and prescription info to Sunflower for reimbursement.

Over-the-Counter (OTC) Medications

Sunflower covers some OTC medications, but only if they're **prescribed by a doctor**. Medications bought without a prescription are **not covered**.

Excluded Medications

Sunflower does not cover certain types of drugs, including:

- Drugs not proven effective (DESI).
- Brand-name drugs with generic alternatives (IRS).
- Cough and cold symptom relief products.
- Cosmetic or hair growth medications.
- Fertility drugs.
- Gender-specific drugs not medically necessary.
- Erectile dysfunction medications.

- Weight loss/gain drugs (unless preapproved).
- Most OTC products without a prescription.
- Any other drugs not covered per state policies.

Filling a Prescription

To fill a prescription:

- Show your **Sunflower ID card** and any other insurance cards (like Medicare).
- If you're asked to pay unexpectedly, call **Customer Service**.
- If you have a **spenddown**, you must meet it before Sunflower covers your medications.

Need help finding a pharmacy? Use the **Find a Doctor** tool at SunflowerHealthPlan.com or call us.

Lock-In Program

If Sunflower notices overuse of services, we may place you in the **Lock-In program** to help coordinate your

care. You'll be assigned to one provider, pharmacy or hospital that understands your needs.

You'll be notified if placed in Lock-In. Services from other providers may not be covered unless approved. You can appeal this decision if you disagree.

Questions? Visit our website or call **1-877-644-4623**.

Medication Therapy Management (MTM)

MTM is a free service to help you manage your medications and health conditions. A pharmacist will review your prescriptions, OTC meds and supplements, either in person or by phone.

They'll answer your questions, check for side effects and may suggest changes to improve your treatment.

Ask your pharmacist if you qualify. Eligibility depends on your health conditions and the number of medications you take.

KAN Be Healthy (EPSDT Program)

For children and young adults from birth to age 21.

KAN Be Healthy is coverage that helps kids and teens stay healthy. It's also called **EPSDT** (Early and Periodic Screening, Diagnosis, and Treatment). Even if your child isn't sick, regular check-ups are important to catch problems early and support healthy growth.

The KAN Be Healthy program follows the American Academy of Pediatrics (AAP) Bright Futures Periodicity Schedule as a guideline for screenings.

What Happens at a Check-Up?

If needed, your child's doctor or nurse may:

- Check physical and mental development.
- Screen for substance use.
- Give needed vaccines.
- Test for lead at 12 and 24 months.
- Talk with you about any health concerns.
- Refer your child to a specialist if needed.

Sunflower may call, email or mail you reminders about recommended checkups.

CHECK-UP AND DENTAL VISIT SCHEDULE

Age Group	AAP Bright Futures Periodicity Screenings Schedule	American Academy of Pediatric Dentistry (AAPD) Dental Periodicity Schedule

Children (5-10 years)	Once a year	Every 6 months

EXTRA SERVICES FOR KIDS

If your child needs more care than usual, Sunflower will cover extra services if they're medically necessary, including psychiatric residential treatment facility (PRTF), inpatient and outpatient services.

This means we cover services that are medically necessary to stop a condition from getting worse or to prevent new health problems from starting. We determine medically necessary services for children case-by-case.

KAN Be Healthy also covers dental cleanings, check-ups, x-rays, fluoride, dental sealants and fillings. Take your child to the dentist by their first birthday.

Grievance Process

Sunflower wants to help you with any problems or concerns you have. If you're unhappy with something, you can file a grievance to tell us you're not satisfied.

These are examples of reasons you might file a grievance:

- There was a problem with your care or services.

- You feel your rights were violated.

KEY POINTS:

- Filing a grievance won't affect your care or how we treat you.
- You cannot file grievances about Value-Added Benefits.
- You can file by phone or in writing. There's no deadline.
- To help us review your grievance, please give us your first and last name, Medicaid ID, phone number, details of the problem and how you want us to fix it.
- Someone else can file a grievance for you if you sign a permission form. Get this form from Customer Service or the Sunflower website. Fill it out and return it by mail or fax.
- Send any supporting documents to Sunflower by mail or fax.

- You can ask to see the documents we used to decide on your grievance.
- Sunflower can help with filling out any forms needed.

- Urgent grievances will be resolved in 72 hours. Non-urgent grievances will be handled in 30 calendar days.

Sunflower wants to fix your concerns quickly. If we cannot solve your concern in 30 calendar days, we can ask for up to 14 extra calendar days to gather more information. If we need extra time, we will call by phone and send you a letter explaining why. You can also ask for more time. To ask for more time, let us know at least two business days before the 30-day deadline.

GRIEVANCE TIMELINE:

1. **File a grievance** by phone, fax or mail.
2. **Acknowledge Letter:** Sunflower will send a letter within 10 calendar days (unless resolved same day).

Appeal Process

An appeal is when you ask Sunflower to review a decision we made. This decision could be a denial, a limit on your service, or a delay in providing service. An appeal is your request for Sunflower to look at our decision

again. You can ask us to check new or extra documents and make a new decision. You can ask for this review by phone or in writing. You cannot appeal a payment issue with a provider. If you get a bill from a provider, contact Sunflower for help. The appeal process is the same for everyone. We won't treat you differently if you file an appeal.

KEY POINTS

- **Appeals for Value-Added Services:** You cannot appeal issues with Value-Added Benefits.
- **Filing an Appeal:** You must file an appeal within 60 calendar days of the date on the letter that tells you about the decision. You get three additional calendar days for mailing time. This letter may be called "Notice of Adverse Benefit Determination." If you're not sure if the letter is about a decision, call us to check.
- **How to Appeal:** You can file an appeal by phone, fax or in writing. The letter about the decision will also tell you how to appeal.
- **Getting Help:** You can have someone, like a family member, provider, or a lawyer file an appeal for you. You need to sign a form to let them do this. We will send this form with the **Notice of Adverse Benefit Determination** or you can get it from Customer Service or our website. You must fill it out and return it by mail or fax before Sunflower can work with the person you name.
- **Supporting Documents:** Send any information or documents supporting the appeal to Sunflower by mail or fax.
- **Help with Forms:** Sunflower can help you fill out any forms you need.
- **Resolution Time:** Sunflower wants to fix your problem quickly. We will resolve your appeal within 30 calendar days. If we need more time, we can ask for up to 14 more calendar days. We use that time to gather more information to help you. We will tell you in writing and try to call you if we need more time. You have the right to file a grievance if you disagree with the decision to extend an appeal timeframe. You or your provider can also ask for more time. Requests for more time must be made two business days before the 30-calendar-day deadline. If Sunflower cannot meet the deadline, you can ask for a State Fair Hearing.

- **Expedited Appeals:** If your health is at immediate risk, you can ask for a fast review. We'll decide within 72 hours. You don't need to submit it in writing. Sunflower will try to call you with the appeal decision. If the situation is not actually urgent, we may change it to a standard appeal. We will try to call and let you know that the expedited appeal will be handled in the standard timeframe. We will also send you a letter within two calendar days saying the appeal timeframe is standard. We will resolve standard appeals within 30 calendar days.

- **Requesting Documents:** You can ask for copies of the documents we used to decide on your appeal. Sunflower will give these to you for free. Call Sunflower toll free at **1-877-644-4623** as soon as you can if you want these documents before we make a decision on your appeal.

APPEAL PROCESS TIMELINE:

1. **File Your Appeal:** Call Customer Service or send your appeal by fax or mail within 60 calendar days of the notice date. You get 3 extra days for mailing time.
2. **Request to Keep Services (Optional):**
 - For **non-HCBS services**, request continued services within 10 calendar days of the notice date.
 - For **HCBS services**, they will continue without change until the appeal is resolved.
3. **Acknowledgment Letter:** Sunflower will send you a letter within 5 calendar days to confirm we received your appeal.
4. **Appeal Decision:** We'll send you a decision letter within 30 calendar days of receiving your appeal.

5. **Next Steps:** If the decision isn't in your favor, the letter will explain your options, including requesting a **State Fair Hearing**.

External Independent Third-Party Review (EITPR)

After an appeal is complete, your treating provider (not you) may request an external review of Sunflower's decision. You cannot request this review yourself.

HOW IT WORKS:

- **Who Can Request:** Only your provider should fill out the EITPR request form that comes with the appeal decision letter or get it from Sunflower's website.
- **Request for Review:** Your provider can only ask for this review if Sunflower denied new healthcare services. This does not apply to cases where Sunflower reduced, suspended or ended services that were previously approved.
- **Time Limit:** The provider must request the review within 60 calendar days from the date on the Notice of Member Appeal Resolution. Three extra days are allowed for mailing.
- **Review Process:** Sunflower will send the request to the Kansas Department of Health and Environment (KDHE), which will assign the review to an outside agency for review.
- **Review Results:** Once the review is done, Sunflower will send you and your provider a letter with the review decision.
 - If the external reviewer agrees with Sunflower's decision, the provider who asked for the review will pay for the review. If the reviewer disagrees with Sunflower's decision, then Sunflower will pay for the review. No one is allowed to ask you to pay for the external review.
 - If the reviewer agrees with Sunflower's decision, you can ask for a State Fair Hearing. If an EITPR was done, you must request a State Fair Hearing within 30 calendar days from the date on Sunflower's Notice of EITPR Resolution. Three extra days are allowed for mailing.

Please work with your treating provider to decide if they will ask for an EITPR. If they do request an EITPR, it's usually best to wait until it's finished before asking for a State Fair Hearing, but this isn't mandatory.

State Fair Hearing

If you disagree with Sunflower's appeal decision, you can ask for a **State Fair Hearing**. Request this within 120 days of the date on the appeal notice. Three extra calendar days will be allowed for mailing time.

If you had an external review, you must request the State Fair Hearing within 30 calendar days from the date on the EITPR notice. Three extra days are allowed for mailing.

You or your representative, who can be an attorney, family member, friend, provider or other authorized person, can ask the Kansas Office of Administrative Hearings to review Sunflower's appeal decision.

A State Fair Hearing includes people from Sunflower, KDHE or other state agencies, as well as you and your representative, or the representative of a deceased member's estate.

TO ASK FOR A STATE FAIR HEARING:

1. **Call Sunflower toll free at 1-877-644-4623** for help. We can provide interpretive services upon request.
2. Send a letter to Sunflower asking for the hearing.
3. Fill out the **Request for Administrative Hearing** form from your appeal notice and mail it to:

Office of Administrative Hearings
1020 S. Kansas Ave.
Topeka, KS 66612

If you are receiving non-HCBS services and the appeal decision or State Fair Hearing upholds Sunflower's decision to reduce, pause or end your services, those services will end 10 calendar days after the notice containing the appeal decision.

HCBS Services will continue during your appeal or State Fair Hearing if all of these things are true:

1. Sunflower has reduced, suspended or ended your previously approved HCBS services or benefits.
2. You file your appeal within 60 calendar days from the date of the notice about the service change. Three extra calendar days will be allowed for mailing time. Or if you request a State Fair Hearing, you do it within 120 calendar days from the date of the appeal decision notice. Three extra calendar days will be allowed for mailing time.
3. The services were ordered by an approved provider. **AND**
4. The time period covered by the approval has not ended.

If you asked for new HCBS services to replace your old services, and Sunflower approved them, your old services will end so your new services can start. If your new HCBS services will start within 63 days of the date of the notice ending your old services, your old services will continue only until your new services begin.

HCBS services will continue during the appeal or State Fair Hearing process until:

- 123 calendar days after you get the notice about the appeal decision if you don't ask for a State Fair Hearing.

- If you request a State Fair Hearing within 123 calendar days from the date on the appeal decision notice, your services will continue until the State Fair Hearing decision is made.

BENEFITS WILL STOP IF:

1. You withdraw your appeal.

3. The State Fair Hearing officer makes a decision that is not in your favor.
4. The time period or service limits of your approved services have been met.
5. You or your guardian ask for the HCBS services to end and be replaced with other services.

Requests for new services do not count for continuing services.

If you are not sure if you are receiving HCBS services, please call **Customer Service toll free at 1-877-644-4623**.

WILL I HAVE TO PAY FOR MY SERVICES AFTER AN APPEAL OR STATE FAIR HEARING?

If you receive **HCBS Services** and the decision is **not in your favor**, you **will not have to pay** for those services, unless there was fraud.

IMPORTANT MEMBER INFORMATION

Anti-Fraud, Waste and Abuse (FWA) Program

Sunflower is committed to protecting the integrity of the KanCare program by preventing, identifying and reporting fraud, waste and abuse.

Fraud, waste and abuse can happen when someone misuses Medicaid benefits or Sunflower resources. This includes members, providers or others.

For example, tell us if you receive an Explanation of Benefits for services you didn't get or think someone is:

- Billing for services that weren't provided or weren't necessary.
- Misrepresenting a medical condition to get treatment.
- Sharing or using someone else's Sunflower Member ID or Medicaid ID.
- Misreporting income or assets to qualify for benefits.

Your healthcare benefits are provided through the KanCare program based on your eligibility. To help protect these benefits:

- Keep your Sunflower Member ID Card private. Don't share it with anyone else.
- Use your benefits responsibly. Misusing them could result in losing coverage, and in serious cases, Medicaid may take legal action.
- Providers are required to report any misuse. Sunflower also reports any suspected fraud or abuse to Medicaid.

We take fraud, waste and abuse seriously. If you suspect someone is misusing Medicaid services, please let us know. Your report will be treated with care and confidentiality.

Advance Directives

Advance directives allow you to make healthcare decisions ahead of time or name someone to make decisions for you if you're unable to speak for yourself.

Types of advance directives include:

- **Living Will** – outlines your wishes for life-sustaining treatment.
- **Health Care Power of Attorney** – names someone to make decisions on your behalf.
- **Do Not Resuscitate (DNR) Order** – instructs providers not to perform CPR.

Under Kansas law:

- **KSA 65-28,101** allows adults to create directives for withholding life-sustaining care.
- **KSA 58-629** allows you to designate a healthcare decision-maker.

All adult Sunflower members have the right to create advance directives. You won't be discriminated against for not having one. If you do create one:

- Talk to your PCP and ask them to keep a copy in your medical file.
- Keep a copy for yourself and send one to Sunflower.

Advance directives only apply when you're unable to make decisions yourself. You can file a grievance if your directive isn't followed. Kansas law allows providers to conscientiously object to carrying out directives, but Sunflower does not limit coverage based on these objections.

- Sunflower Advance Directives Info.
- Kansas Advance Care Planning Resources.
